A still alarm was sounded in at the central fire station last night at 10:15 o'clock. The chemical wagon and firemen responded to what proved to be only a chimney fire in Mrs. Sherburne's house on Elm street. As the fire was confined entirely to the chimney, the services of the firemen were not needed.

A false alarm of fire was sounded from the central station last night about 7:30 o'clock, which was caused by alterations which are being made to the battery system. The batteries are changed every four years, and electricians are now engaged in changing the old plates, hence the false alarm of last night.

It is reported that boys are canvassing the city in behalf of the boy scouts of the Presbyterian church for subscriptions of money to purchase uniforms for the club, and B. Charles, scout master, takes occasion to state that no scout of the Presbyterian church has a right to do so, as it is one of the scout laws that if any money is to be raised it must be done by work. He feels sure that the boys thus reported to be canvassing are not scouts, and he warns the public against them.
